The Friends of Patapsco Valley State Park
(an all volunteer, 501c3 non-profit organization)
works to support and advocate for Patapsco Valley State Park.

Friends of Patapsco Valley State Park, Ltd.

Since our creation in 1997, The Friends of Patapsco Valley State Park, Ltd. an all volunteer non profit organization, continues its mission to support and advocate for the park. Some highlights of our efforts have funded include the Hollofield Play Space, a John Deere Gator ATV, iPads for park rangers and naturalists with "Discovery" backpacks to better share information about the park and interact with its visitors.

We have acquired a new outdoor theatre system for the campgrounds, a portable professional backdrop for the Scales and Tales program, freshly printed maps for all the sections of the park complete with the latest trail information, and a new wood chipper for park maintenance and support of trail maintenance and events in the park.

In 2017 the park service will be employing a new dump trailer that we acquired through funding through a Recreational Trail Program grant, and for the first time we will be funding a professional trail builder to extend and improve the trails in the Pickall area of the park.

We'll wrap up the season with *Patapsco Trail Fest*, a celebration of PVSP's remarkable trail system and it's diverse and engaged community.

Our annual gala event, Cocktails for Trails, is held at the historic Elkrigde Furnace Inn. This is a fundraising event where you can engage with fellow park stewards, Maryland Park Service management, and representatives from businesses in and around the valley that have a vested interest in maintaining Patapsco to its highest level of service.

Regardless of how you enjoy the park, Cocktails for Trails is your opportunity to support the incredible shared resource that is PVSP!
(and, its a great party...)
